ST Front of House and Stage Curtains

Discover the Perfect Curtains for Your Stage

Choose from our premium selection of materials to tailor your curtains to perfection:

Our diverse selection includes:

Wool Curtains:

Looking for a smart combination of affordability and resilience?

Our wool curtains offer just that. They come in a classic black colour and are durable at 420GSM IFR weight, offering excellent fire resistance. Contact us for more colours.

Velvet Curtains:

If you're aiming for a lavish stage appearance, our velvet curtains are perfect. With a rich weight of 290GSM IFR, they come in various beautiful colours, adding elegance to your stage design.

Lining Options: Enhancing Beauty and Performance:

Both wool and velvet curtains can be lined for added durability, light control, and insulation. Our lining options ensure your curtains remain as stunning as they are functional.

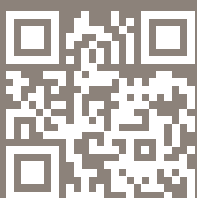

STAGE CURTAIN OPTIONS

- **Front of House Curtain (main curtain):** The cornerstone of your stage design, this curtain sets the tone for what's to come, leaving a lasting first impression.
- **Valance:** Add an exquisite touch with a decorative valance that crowns your stage's visual composition. A valance will hide the track and componentry of your FOH Curtain.
- **Borders:** Frame the stage effortlessly using our borders. These versatile elements help guide the audience's gaze and focus their attention on the performance, hiding lighting, bars and intermediate tracks from the audience.
- **Legs:** Stage legs provide depth to the stage and obscure the sides of the stage from the audience's view. It also allows performers to quickly walk in and out during sets.
- **Intermediate Curtains:** Enhance the depth and versatility of your stage setup, allowing for seamless scene transitions.
- **Backdrop (Rear) Curtain:** Create stunning reveals and dramatic backdrops with this versatile curtain, adding layers of visual depth and hiding your back wall from the audience.
- **Stage Skirt:** Conceal the stage's lower portion elegantly, maintaining an aura of mystique throughout the performance.

CURTAIN OPERATIONAL OPTIONS

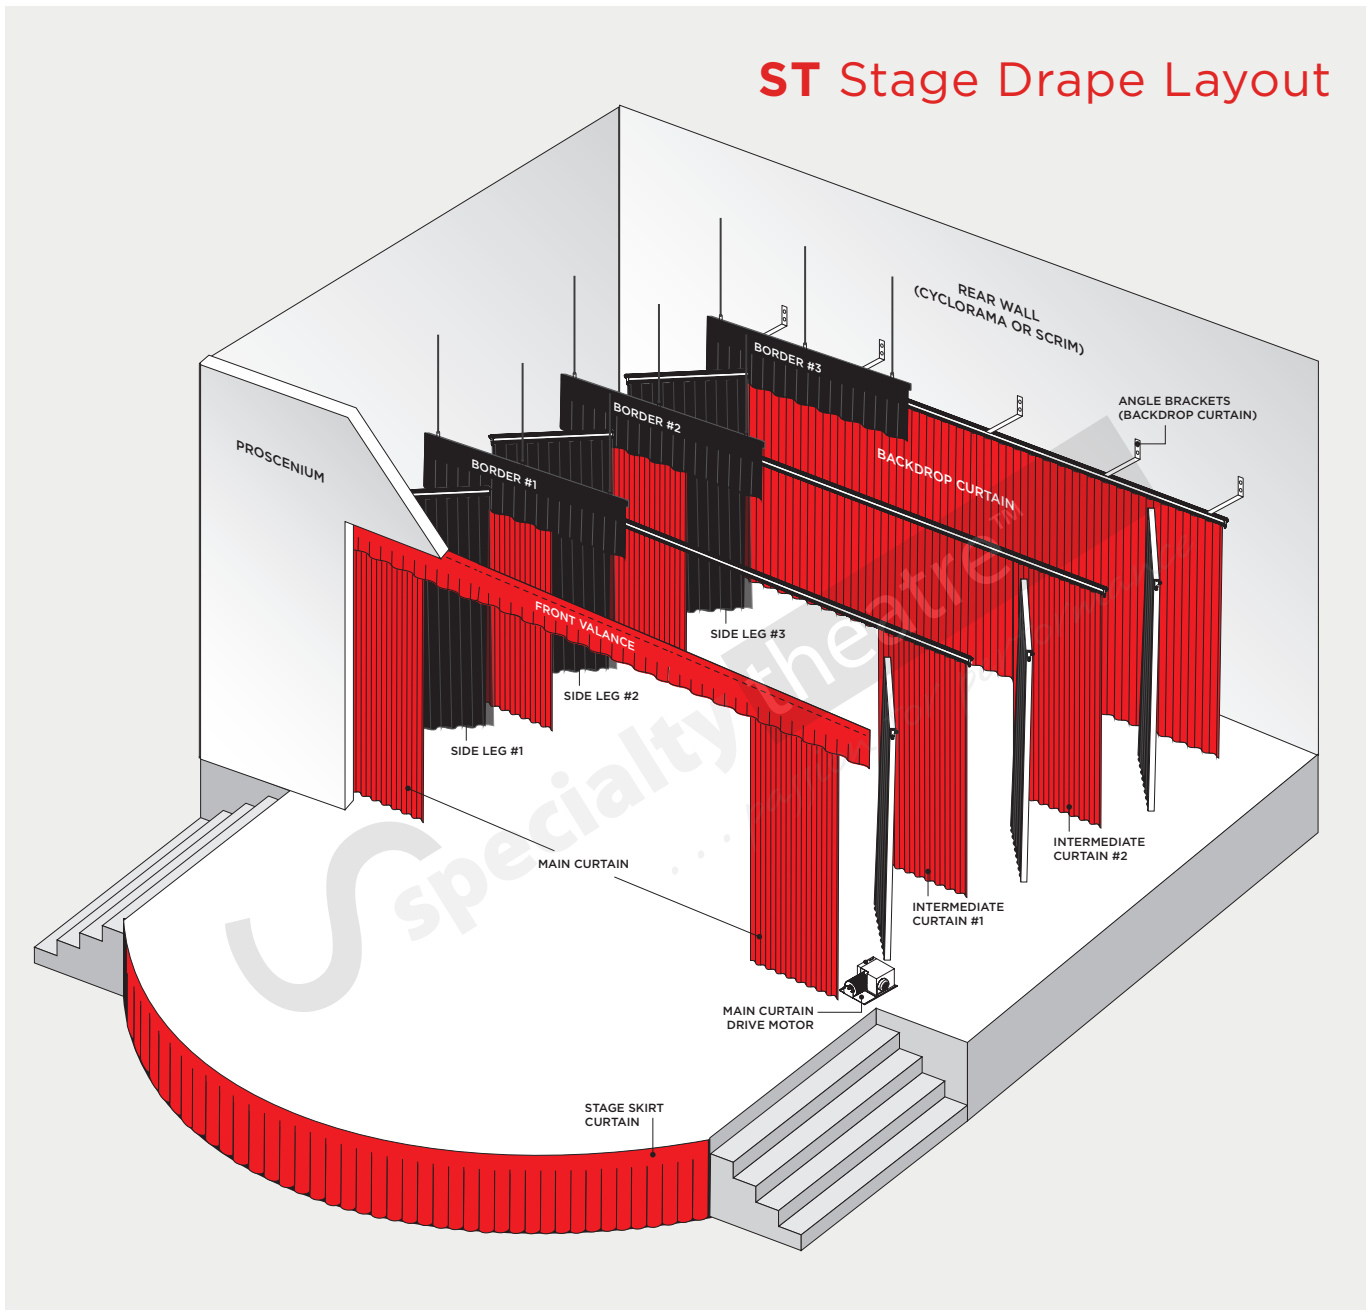

Select your preferred curtain operation style, tailored to your unique needs:

- **Hand Drawn:** Connect with the tactile art of stagecraft as you manually draw the curtains across the track, adding a personal touch to every performance.
- **Cord Control:** Seamlessly manage your curtains from a designated stage location using pulleys and ropes. Both curtains can open and close simultaneously.
- **Motorised Control:** Elevate your production with motorised curtains that glide effortlessly through pulleys and cable, controlled by intuitive push buttons.
